Ship Management

Multi-Purpose Research Vessel (MPRV) 'Janan'

Sora Marine Services successfully operated and managed the Multi-Purpose Research Vessel (MPRV) 'Janan' contract from Aug 2013 to Feb 2018. Sora Marine provided the full management of the vessel including technical and operation management.

Management the fleet of the Banana Island Resort

In 2014 Sora Marine was awarded the contract by AlRayan Hospitality to maintain and operate the fleet of the newly built passengers' ferries to serve the newly built Banana Island Resort. We operated Eighteen (18) boats that were built and in Turkey and delivered to Qatar. In one year, we transported half a million passengers safely on time.

Vessel Chartering

In addition to the chartering of our own vessels, we have an broad network with local, regional and international ship owners where we can be able to source out any offshore supply vessels for Oil Majors.

Sora Marine executed a long-term contract for Dolphin Energy for provision of emergency response and rescues vessel from April 2019 to June 2023 utilizing P&O owned vessel (Topaz Juzor).

Also, SORA Marine has completed a one and half year contract for the provision of 80 pax shuttle vessel with Ampelmann gangway for North Oil Company (NOC) utilizing P&O owned vessel (Topaz Mamlaka).

Marine training

Sora Marine Training is the only RYA (Royal Yachting Association) accredited powerboat and Motor Yacht training center in Qatar.

Our list of clients for the training include, QE, Emiri Yachts and many yachts skippers.

In addition to our RYA training, we delivered vessel traffic system VTS training program to QE Ras Laffan and Mesaieed ports. We have good relationship with STC B.V. in Holland who partially owns and operate the International Maritime College of Oman. Through this cooperation we can deliver all STCW training courses in Qatar or in Oman

The Ministry of Transport and Communications has accredited Sora Marine Training to offer training courses on how to helm private vessels and jet skis.

This comes within MOCT's concern to give effect to the provisions of the Law on Maritime Vessels and train seagoing vessel drivers based on maritime training programs endorsed by Maritime Transport Affairs at the Ministry.
